

Keoki

superstar dj Keoki > all mixed up

This one's for all the SuperChicks and SuperFreaks. Here it is: Superstar DJ Keoki All Mixed Up. New York, London, Frankfurt, Los Angeles, Tokyo and everywhere in between, Keoki rocks the club capitals of the world. He's Techno's *Enfant Terrible* and a Superstar on and off the decks. Once again, Keoki's style is on the edge, his selection impeccable and, yes, he's still incorrigible. To know him is to love him. To hear him is to believe him. Keoki is here in full effect: America's most infamous DJ, and the tracks that he's slamming the world's dancefloors with, diced and spliced as he only can. With twisted tunes from his twisted mind its time to let Keoki be your guide. Open your ears and your mind will follow!

I would like to first and foremost thank all the "SuperChicks" and "SuperFreaks" I've met around the globe for their support and appreciation. Just as in my favorite fairy tale, The Pied Piper, I'll be the guide: if you hear me in your mind, just close your eyes; pretend you're blind. Lose your fear and don't be afraid to let this freaky freak into your brain. I'll be your guide with nothing more than twisted tunes from my twisted mind.

N.Y.C.: Thank you very much to Howard Schaffer, Peter Gatien and Alex, Michael Alig, Project X magazine, DB, DJ Prozac, Mr. Arthur Weinstein, Mr. Tom Buckley, Pam Film, and of course, my favorite ravers Lollipop and Matt T for constantly raping my soul. A big kiss to my favorite Martian, Marlon. I do believe in U.F.O.s and just to prove it, I just might kiss your nose.

LONDON: Mr. Tim Fielding, Anabel, Jo, Charlotte, DJ Jay "Jokie" Chappell, Simon Cornick and everyone at Brainiak for their awesome love and patience. Steffan at Moonshine U.K. for all the wonderful presents. Peter Lazonby, the world's most humble servant. Casper Pound and Dave at Rising High Records. Simon and everyone involved in the trek of the JDJ Tour. Thank you Mark and Jeff for letting me team up on their fantastic Renaissance voyage. Sasha, the Sugar booger, John Digweed, John Lydon, Mr. Dave Beer and everyone at Back to Basics, Phil (Too Cool) and Carl Cox at Ultimate. And all the wonderful organizers of England's massive rave culture. I stand with you all in your fight against the criminal justice bill. You gotta fight for your right to party?!? Bollocks!

BERLIN: Dominic Woosey, Helke and Alexandra at E-Werks, Paul Van Dyke, cosmic "miss you" baby; Mr. Reeder at the fabulous m.f.s. factory, Ringo and everyone at Front Page magazine. DJ Disco: danke, Ich liebe dich for everything.

FRANKFURT: Sven "Honest" Vath, Mark Spoon, Susan; Heinz and everyone at Harthouse/Eye Q; Ada and all at Delirium Records.

TOKYO: Phil Free, Toby and Shoo-Shoo Shabumi.

And I would certainly and sincerely like to thank Dave Audé, Stephen and Jon Levy, Stephanie, and everyone at my fabulous label, Moonshine, for the powerful megaphone they have handed me.

Special Thanks to David Christopher and DJ 3 at Halluci-Nation and all the artists and labels on this project.

Special Thanks to Jenny Palia, Sly Sloan, Junkie Jonathan, Chris (Tattoo) Perry, Ariel and the Fast Guy, Ernie Glam, Freeze, James St. James, and Terry Farley and his friend, Charlie, for adding some sin to my prophetic spin.

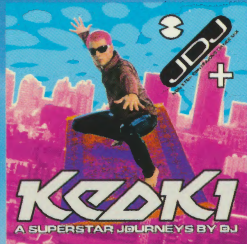

A warm aloha to my family--Koa, Maleko, "Meeko" Matthew, Mom and Pop D.D.C.
